[Everything you need to know about the ATAR in \(just over\) 2 minutes](#)

HSC students: don't stress!

Here's a quick and simple ATAR explainer without all the jargon.

The ATAR is a rank, not a mark.

The Australian Tertiary Admission Rank (ATAR) is a number between 0.00 and 99.95 that indicates a student's position relative to all the students in their age group (ie all 16 to 20 year olds in NSW). So, an ATAR of 80.00 means that you are 20 per cent from the top of your age group (not your Year 12 group).

Universities use the ATAR to help them select students for their courses and admission to most tertiary courses is based on your selection rank (your ATAR + any applicable adjustments). Most universities also use other criteria when selecting students (e.g. a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test).

[Steps to Uni for International Students](#)

You are an international student if you are not an Australian citizen, New Zealand citizen or permanent resident of Australia. Australia is a popular study destination for students from overseas. Australian tertiary institutions feature highly in international rankings for their teaching, research and international outlook and our lifestyle, culture and climate make Australia one of the most liveable countries in the world.

Australian tertiary institutions offer a broad range of study options and areas of specialisation, from arts and humanities, business and economics to communications and media studies, creative arts, education, engineering, health and medical sciences, science and technology, and teaching. Qualifications gained in Australia are recognised around the world. If you apply to study in Australia through UAC, you'll be applying to institutions located in New South Wales (NSW) and the Australian Capital Territory (ACT) or close to these states' borders. They offer a variety of learning and social environments for students.

University – Institutes

[Western Sydney University Entry via Pathways Programs](#)

Apply for one of our courses and you could be on your way to completing a uni degree in no time! There is a Pathway Program for you for students wishing to study:

- Arts
- Building Design and Construction
- Business
- Creative Industries and communication
- Education
- Engineering
- Health
- Information and Communication Technology
- Science
- Social Science
- Nursing

[University of Sydney Webinar – Your pathway into medicine](#)

26 March

Passionate about studying Medicine and making a difference in the world? Seize this opportunity to discover how the University of Sydney can help you achieve your dreams of becoming a doctor! The University of Sydney Medicine Degree will equip you with the clinical expertise, leadership skills, and human understanding needed to impact lives positively, both in Australia and globally. Join this webinar to find out about the flexibility and rewards of our double degree programs in medicine. Learn how to best prepare for the admissions process and set yourself up for success.

[UTS – Rounds for Applications for Bachelor of Accounting 2026](#)

The closing dates for applications to the 2026 Intake of the Bachelor of Accounting course are as follows:

Round 1 Closing Date – Friday 16 May 2025 by 11.59pm

Round 2 Closing Date – Friday 10 October 2025 by 11.59pm

In person half-day interviews for both rounds will be held: Monday–Friday 10–14 November 2025.

These interviews are for applicants who are considering Bachelor of Accounting as a course preference after the close of on-time UAC applications.

[UTS 360 Virtual Tour](#)

Sit back and explore the University of Technology Sydney from the comfort of your home. We strongly advise wearing earphones or headphones to get the best experience of our tour.

[UTS Scholarships for Indigenous Students](#)

UTS is committed to offering scholarships and prizes to support the ongoing success of Australian Aboriginal and Torres Strait Islander students. Listed below are UTS Indigenous scholarships and prizes and external scholarships.

[ANU Open Day](#)

29 March

Don't just imagine it. Experience your future at ANU Open Day.

What to expect:

- Dive deeper into degrees at information sessions.
- Connect with experts and students at the Study Options Expo.
- Take a campus tour.
- Explore student accommodation.
- Wander around the campus and discover our welcoming community.

[ANU Early Application walkthrough](#)

<https://study.anu.edu.au/events/anu-early-application-walkthrough>

[ANU Early Application Q&A Session](#)

24 March

Are you considering applying to ANU through the Early Entry Admission? Join our interactive Q&A webinar where you can get all your questions answered by our admissions experts. This session will cover the application process, eligibility criteria, important deadlines, and tips for a successful application.

[ACU - Blacktown Exercise Sports and Technology Hub \(BEST\) guided tour](#)

2 & 10 April

Did you want to take a deeper dive into Sport and Exercise Science or High Performance Sport at ACU? Join us for a discipline-specific guided visit at the BEST Hub, a \$100m state of-the-art health and performance facility at the Blacktown International Sports Park.

You'll be shown around the facility by expert academic staff, meet current students and see our cutting-edge biomechanical and exercise physiology labs in action.

[**Discover Law, Criminology and Human Rights at ACU Blacktown**](#)

14 April

Join us for interactive workshops designed to give you a taste of what it's like to study law, criminology, and human rights at ACU.

All rise! Aspiring lawyers, criminologists, and human rights advocates, it's time to sharpen your analytical skills and discover the excitement of the courtroom. Join us for interactive workshops designed to give you a taste of what it's like to study law, criminology, and human rights at ACU.

Dive into hands-on sessions where you'll test your courtroom strategies, unravel criminal cases, and explore the critical thinking skills needed to succeed in these fast-paced fields. Plus, engage in a dynamic and interactive human rights session, preparing you with valuable insights into the complexities of human rights law and the importance of advocacy.

[**Reminder – ACU Canberra Faculty Guide Tours**](#)

14 April – Teaching

15 April – Speech Pathology and Occupational Therapy

16 April – Social Work

17 April – Nursing and Paramedicine

Did you want to take a deeper dive into your desired field of study? Join us for a discipline-specific guided visit during the April and July school holidays.

You'll be shown around campus by a current student in your discipline, meet academic staff and get hands-on experience in our labs.

[**Discover Health Sciences at ACU North Sydney**](#)

24 April

Are you ready to explore a career that makes a real difference? Discover what it's like to study nursing, occupational therapy, physiotherapy or speech pathology at ACU North Sydney.

Take part in hands-on workshops where you'll get a feel for the practical skills you'll develop as a future healthcare professional.

Tour our campus and experience our state-of-the-art, fully functional simulation wards, where you'll get a behind-the-scenes look at the innovative training that makes ACU health sciences graduates highly sought after by employers.

[Charles Sturt University Health and Community Services Explore Day](#)

13 May

Are you in Year 10, 11 or 12 and want a health career that makes a real difference? Join us for Orange Health and Community Services Explore Day.

You'll learn from industry speakers, get one-to-one advice at our expo hub and take part in two immersive workshops.

Wondering which workshops are on offer? Choose from:

- exercise and sport science
- First Nations success
- medicine
- nursing
- paramedicine
- pathology
- pharmacy
- physiotherapy
- psychology
- social work and human services.

Places in each workshop are strictly limited, so book now to secure your spot!

[Charles Sturt University Careers In Health Info Night](#)

19 March

Join us for an inspiring evening at our Dubbo campus to hear from experienced health professionals.

Doctors, nurses, paramedics, pharmacists, psychologists, social workers, exercise scientists and more!

If you're considering a career in health, you won't want to miss this exclusive event! All are welcome to attend.

[Charles Sturt University Medicine Information Night](#)

1 April

Interested in a career in medicine?

Join our online Medicine Information Night to discover everything you need to know about studying medicine with us.

Get ready for a rewarding career and make a positive difference in your community with our five-year undergraduate entry degree, Bachelor of Clinical Science (Medicine) / Doctor of Medicine.

Based on our Orange campus, Charles Sturt University offers the Joint Program in Medicine in partnership with Western Sydney University. You can expect to study for two years, followed by three years of rural and regional placements.

Whether you're in high school, looking for a career change or keen to take the next step in your health career – this information night is for you! Parents, carers and career advisers are also welcome to attend.

[University of Newcastle – Joint Medical Program \(JMP\)](#)

Applications Close 30 September

To apply to the Joint Medical Program in 2026, you must complete the following three steps. Our Joint Medical Program is world-class and entry is competitive. Each year, 170 places are available in the program across both the University of Newcastle and the University of New England; more than 3,000 people apply for those places. Your application will go through a rigorous selection process. If your application isn't successful, we encourage you to apply again the following year or to consider one of the many alternative degrees offered by the University of Newcastle or the University of New England.

[UNSW Medicine Special Entry Schemes](#)

Find out about the different entry schemes available at UNSW, including:

- Gateway Entry Scheme
- Lateral Entry Scheme
- Rural Entry Scheme
- Indigenous Entry Scheme
- Students From Other Medical Schools

[UNSW Year 10 Info Evenings: Subject Selection](#)

1 April

Get advice and information that's specially tailored for Year 10 students, that will help you navigate the HSC subject selection process, explain how UNSW admissions and scholarship applications work, and give you an insight into transitioning into university life so that you can get a head start on planning your future. Parents and teachers of Year 10 students are invited to join the evening as well as participate in the live Q&A session.

UNSW Future Creators Day

14 April

UNSW Future Creators' Day—hands-on workshops in Game Art, Animation, Design, Fashion & more. Explore your passion & bring ideas to life!

Future Creators' Day is a hands-on experience for Year 10 and 11 students passionate about creativity, design, and visual storytelling. Hosted by UNSW Arts, Design & Architecture, this event is the perfect opportunity to explore future study and career paths in the creative industries.

Join us on campus for a day of immersive workshops led by expert academics and industry professionals. Get a taste of our newly offered Game Art specialisation, along with workshops in Animation, Painting, Textiles & Fashion Design, Object Design, and Graphic Design. Whether you're interested in digital art, interactive storytelling, or traditional design disciplines, this event is designed to help you develop your skills and discover your creative potential.

Connect with like-minded students, experience university life, and gain insights into studying at UNSW. Future Creators' Day is your chance to turn your creative passion into a future career.

University - General

Scholarships for Medicine

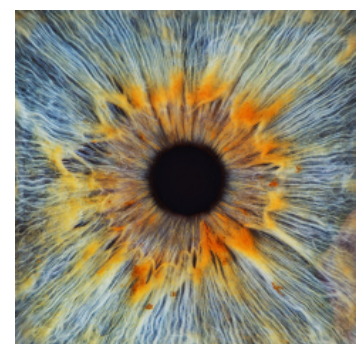

University Scholarships

Plan ahead and research these options! Scholarships included on this page include many options from a variety of universities across Australian, within the healthcare professions.

Bond University's Medical Program

In today's complex healthcare environment, Bond's Medical Program will equip you with the fundamental knowledge, skills and attributes required to practice medicine safely and effectively. You'll graduate with the clinical, interpersonal, teamwork, and leadership skills required to deliver high-quality healthcare outcomes as well as an engrained commitment to care for yourself, your colleagues, and all community groups.

[Cambridge Summer College](#)

Immerse Education is an award-winning provider of summer schools in Cambridge and the United Kingdom. Our summer programmes in inspirational locations, including colleges of Cambridge University, offer educational experiences with diverse and enriching curricula. Participants learn in small classes, with supplementary workshops and fun activities – and they live and learn in historic colleges of Cambridge University.

[Immerse Oxford](#)

The Oxford Summer School for individuals aged 13-18 presents a distinctive and enriching educational opportunity, inviting young learners to explore a diverse range of subjects and engage deeply in the vibrant academic atmosphere of Oxford University.

[5 Steps to Study in the USA](#)

Whether you plan to pursue a short-term or full degree program in the United States, EducationUSA has the resources you need in 'Your Five Steps to U.S. Study'.

[The Maths Needed for 15 of Australia's Most Popular Uni Courses](#)

We've rounded up the top five most popular uni courses in NSW, Queensland and Western Australia, and made notes under each to let you know if maths is a prerequisite, assumed knowledge or will just generally help you out along the way.

Keep this page bookmarked! As more states and territories publish their most popular uni courses, we'll update this list.

And as always, it's really important to do your own research. Before you decide on your Year 11 and 12 subjects, you should look up the degrees you'd like to do at uni to check their complete list of entry requirements.

[Free UCAT Information Session](#)

6 May

The National Institute of Education (NIE) is proud to present the free information seminar all about UCAT and the undergraduate pathways into medicine, dentistry, and some other health science programs. This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999. The session is PACKED with loads of valuable information during which we will be covering the following topics and more.

- What is UCAT? UCAT scores? UCAT Sub-tests?
- UCAT changes this year, and refining exam preparation strategy.
- The Undergraduate selection criteria
- Application process into universities for medicine and dentistry
- When and who can sit the UCAT
- UCAT vs GAMSAT - How is UCAT different?
- Can you prepare for the UCAT?
- Undergraduate medical school interview explained and medical school interview preparation advice
- Gap Year
- Alternative degrees and career choices
- Q & A

[Simulated UCAT Day Workshop: 2-part program](#)

5 & 26 April

The Simulated UCAT Day (SUD) 2-Part workshop conducted over a full day and a follow-up session.

If you are in Yrs. 10, 11, 12, or you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into a more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

[University of Melbourne - UniMelb 101: A webinar for NSW and ACT students](#)

2 April

Ever wondered what it's like to study at the University of Melbourne, in the heart of Australia's most liveable city?

If you're from New South Wales or the Australian Capital Territory, this is your chance to find out.

UniMelb 101 is a live Q&A webinar designed for you to ask your burning questions about study at Melbourne, entry requirements specific to your high school curriculum and the exciting student life and community that awaits you.

TAFE

[TAFE NSW for Schools](#)

With our diverse range of courses, strong industry connections and approaches to learning that suit all needs, TAFE NSW will help students get the job they want. Our passionate teachers have current industry experience, meaning our students learn real-world skills that see them become in-demand and job ready, with many of our students graduating to become leaders, innovators and entrepreneurs who contribute to our global economy.

[TAFE NSW Aboriginal student support](#)

There are a range of Aboriginal specific resources at TAFE NSW to encourage your success. We take pride in creating a supportive and inclusive environment for our Aboriginal students.

Bundjalung to Gadigal, Kamilaroi to Yuin, no matter where you're from, it's TAFE NSW's interest in your education, skills building and thirst for knowledge that brings us together.

We're here to help, assisting you every step of the way. See our Mob specific support and services for more information.

[Imagine a career in the Sign & Graphic Industry](#)

The graphic design and sign manufacturing industry, also includes the router, engraving, laser and fabrication industries, and is without a doubt one of the largest manufacturing sectors in Australia. The industry has over 7,600 businesses. The value of production is worth many billions of dollars. In an industry this big there are many great career opportunities available almost anywhere in Australia.

[Sydney Trains Trainee Train Signaller Open Days](#)

25 & 28 March

As part of this recruitment process, we will be hosting onsite information sessions for our upcoming Trainee Train Signaller Intakes on 25th March & 28th March 2025.

These sessions will be held on site at the Rail Operations Centre (177-187 Wyndham St, Alexandria NSW 2015). Sessions will run for 90 minutes, please note attendance is optional but encouraged.

Private Colleges

[Sydney Design School - Interior Decoration Workshop](#)

15 - 16 April

Be inspired. Be creative. If you love interiors magazines and beautifully styled spaces, this fun two day workshop is for you. It's perfect for any interiors enthusiast who wants to decorate their home with skill and confidence.

Perhaps you're considering a career in interiors? This beginners workshop will give you a taste of the Certificate IV in Interior Decoration course and you'll get a feel for our School and the passion of our Educators.

Get hands on as you learn how to put together a full interior decoration scheme for a living space in your own home. Plan the layout, select furniture and lighting, explore colour schemes and create a sample board of your ideas.

[Brent Street Autumn Camp](#)

14-16 April

Don't miss an incredible 3 days of dancing at Brent Street Studios in Sydney, Australia. Bringing you 15 of our top choreographers and teachers, you'll leave the workshop feeling inspired and pumped, ready to smash Term 2 ahead! We welcome students from all studios across Sydney and Australia to enjoy our Autumn Camp. It's so much more than just dance classes; it's an experience of making friends, a physical challenge and inspiring teachers! Throughout the intensive, teachers will be on the look out for hardworking and fierce dancers to win a scholarship to the 2025 Winter Camp (held in July School Holidays), so be ready to break a sweat! Brent Street is a wonderful place and we are excited to share a little bit of the magic with you at the workshop! See you there!

[AMPA Don't miss your chance to apply for the Bachelor/Associate of Dance Program for 2025/6!](#)

Seize the opportunity today to receive the training and qualification you need to thrive in the performing arts industry. At AMPA, we are dedicated to cultivating well-rounded and versatile dance professionals. Our program empowers students to develop skills in performance, choreography, teaching and production while enhancing academic proficiency. Plus, we offer Fee-Help for domestic students and credit for Diploma and Advanced Diploma graduates looking to elevate their qualifications.

[SAE Info Night](#)

16 April

Just make the first move in your dream career – join us at your local SAE campus this April for Info Night! This is your chance to get a feel for the vibe at an SAE campus. Explore our creative and technology courses, meet industry experts and chat to the campus teams about student life. You can even take a tour of our facilities and check out some of the awesome student projects on display.

[SAE Info Night - Byron Bay](#)

[AIBI Higher Education Sydney Open Day](#)

20th March

AIBI Higher Education presents "Future Proof: How Cyber Pros are the Superheroes of the Digital Age," a webinar on Wednesday, 20th March at 4pm. Explore cybersecurity career paths and gain insights from AIBI's Dr. Arda Tezcan on breaking into this dynamic field. Discover opportunities in cyberspace and learn how to stand out.

General

[Science and Engineering Challenge](#)

Various Dates in 2025

The Science and Engineering Challenge is a national program, running Challenge Days (for high school students) and Discovery Days (for primary school students) across every state and territory in Australia.

Follow the link below to find an event in your area.

[Young ICT Explorers](#)

Registration Now Open

Young ICT Explorers (YICTE) is a non-profit competition, created by SAP, supported by CSIRO Digital Careers and The Smith Family with the help of Industry and University partners across Australia, to encourage primary and high school students in years 3-12 in Australia to solve real-world problems or showcase their passions using technology. That could be anything from creating better ways to recycle, to supporting people with disability; from creating virtual reality worlds, to building entire operating systems and robots from the future –students can use their imagination and their interest in the world around them to create projects, we want students excited about working with technology. The work we do directly with our partner, The Smith Family (TSF), is on a dedicated funding program, which enables disadvantaged youth to have equal access to participate and engage in the competition through our YICTE Accelerator program.

Think of YICTE like a science fair, but for technology and innovation instead. Our goal is to inspire school students of all technical ability levels to use their creativity and innovation to gain a greater understanding of the diverse possibilities available to them through today's technology, encouraging students to consider future study and a career in tech, while solving real world problems with their choice of technology, with YICTE being the showcase event for students to attend each year. Projects can be anything created in class time, or students can enter extracurricular projects they are working on. YICTE compliments the school Digital Technologies curriculum, with almost any technology based projects eligible to enter! Students can work alone or in teams of up to four students (we suggest they team up!) To date, nearly 8,000 students have taken part, from approximately 850 school across Australia and New Zealand.

[Study Engineering – Resources for Students, Parents and Teachers](#)

Engineering is a career for problem solvers. It's a wide and diverse field that touches every part of human life. The vehicles we drive, the electronic devices we use, the buildings we work in and the medicines we take are all products of engineering.

This means anyone with interests in virtually any area can be attracted to and enjoy engineering and it's never too early to introduce engineering to young people. Young children can develop an interest in and appreciation for engineering with toys such as Lego, Meccano or even Play Doh.

We've put together some resources for school-age students and teachers to help you foster interest in budding engineers of any age.

[Women in cyber security](#)

Are you a woman thinking about getting into cyber security? There are loads of opportunities for young graduates looking to future-proof their pathways

[Careers at Council](#)

This is the industry's go-to source of information about work in local government. Explore the many and varied roles in the Career Areas section.

[The Pros and Cons about an Accountancy Career](#)

The world is full of accountancy grads who aren't working as accountants. Some are musicians (Mick Jagger), some comedians (Eddie Izzard) and some novelists (John Grisham). Believe it or not, some are even mixed martial arts cage fighters (Chuck 'The Iceman' Liddell). Of course, most accountancy grads do go on to become accountants, at least for a period of time. But before you do so it's worth doing a little accounting of your own about the benefits and costs involved.

[Where Can You Go With A Career In Agriculture?](#)

Learn the various professional options in the agriculture and farming industries and where they are heading. Select from a range of options to see what it represents to our nation and where you want to head.

[ADF Gap Year Gap Year Videos](#)

No matter what part of the Defence Force you wish to enter there is a role for you in an ADF GAP Year. See any of the 10 videos showing a wide range of roles you can go into in an ADF GAP Year.

[Australian Federal Police – Entry Level Recruit Who we're looking for](#)

We are always on the lookout for candidates with sound academic performance and strong critical-thinking skills. You must be over 18 to apply for a job at the AFP, but you can still register your interest in joining if you're under 18.

Applicants must be able to meet our eligibility requirements which take place at various stages throughout the recruitment process.

To apply you need to:

- be over 18 years old
- be an Australian citizen
- meet our [character standards](#).

If you progress through the recruitment process you'll be asked to:

- complete the [Employment Suitability Questionnaire](#) (including providing your [traffic history](#))
- obtain a security clearance, including a national police check
- undergo mandatory drug testing and provide your fingerprints.

[Alt Games - Powerhouse Museum's Games Festival](#)

12-13 April

ALT: GAMES is a new festival that brings together the Australian games community and industry. Featuring digital showcases, sessions with industry leaders and a large-scale interactive game installation. A Powerhouse initiative, presented in partnership with City of Parramatta, Screen Australia and Screen New South Wales.

[BiG Day In Gold Coast](#)

14 August

Join us at Griffith University for the 2025 BiG Day In Gold Coast – bring your Year 9-12 students to hear where a career in STEM can take them from industry speakers from Woolworths, Technology One, Westpac, Canstar & more to come.

[Seats Still Available for BiG Day In @ UTS](#)

19 March

Ensure you don't miss out. For all Year 9-12 students. Hear where a STEM career could take them from organisations such as Dr Tim Kitchen – Adobe, Westpac, Noah Pincini from PwC Australia & ACS Emerging Professionals Committee, Wisetech Global, Microsoft, Woolworths, ADF Careers, Canstar Blue, TCS & loads of exhibitors! Book your tickets via the link below to secure your seats.

[Scrapyard Sydney Hackathon](#)

15 - 16 March

Scrapyard is a 24-hour event taking place from the 15th to the 16th of March, where students from all over Sydney (and some from out of Sydney) gather together in a 100% beginner-friendly hackathon.

What is a hackathon?

It's a social coding event where a group of people gather together to rapidly develop a piece of technology of their choosing (digital code and/or hardware), making it incredibly easy to cater to anyone's skill level. The top technology entries receive podium places and prizes.

Why Attend?

Currently, we have over \$20k worth of prizes from a variety of sponsors (which we are very thankful for), such as MATRIX gift cards, Edrolo discounts and gift cards, and of course, lots of techy stuff (Raspberry Pi's, Arduinos, educational kits, etc.). Scrapyard is also 100% FREE, on behalf of the participants, thanks to our many lovely sponsors, which means all food, beverages and additional materials needed are covered. Our aim is to provide a fun educational experience (emphasis on fun) for high school students by providing lots of technology for them to tinker around with, with lots of mentors and workshops to help them on the day, teaching a wide variety of skills.

Maths at the Museum

15–16 March

The Chau Chak Wing Museum and the Sydney Mathematical Research Institute invite you to explore mathematics, art and creativity in a weekend of fun activities.

The official theme of the International Day of Mathematics in 2025 is “Mathematics, Art, and Creativity”. The Sydney Mathematical Research Institute and the Chau Chak Wing Museum have combined forces to mark the occasion with a special fun-filled family weekend. We will explore creativity in mathematics with talks, panels, children’s activities and performances across the weekend in the Chau Chak Wing Museum.

Jobs with Sydney Trains and NSW TrainLink

At Sydney Trains and NSW TrainLink, our rail services keep NSW moving by delivering safe and timely rail services seven days a week.

Our rail teams are proud of the work they do, helping people connect to work, school, and loved ones.

With even more people travelling across our train network every day, we’re expanding our rail teams by hiring new people across a range of job disciplines and work areas.

You can choose from a wide variety of roles – from being in the driver’s seat, helping passengers face-to-face, keeping our trains and stations clean, building and maintaining network infrastructure, or working behind the scenes in operations or control to ensure our network continues to run smoothly and safely.
