

First Point for Contact

We encourage students to build agency and make first contact with teachers. If you feel you need to make contact on your child's behalf, please use the table below so contact can be addressed appropriately.

You can email the school's email address and attention to the specific staff member or make a phone call.

When calling or emailing please provide the reason for contact as enquires that do not give a reason will not be able to be prioritised. We ask that you please be courteous and polite.
