

Multiple Sibling Financial Support Annual Application Form 2018

Kirrawee High recognises that families with three or more children face considerable difficulties at times with paying educational fees. To help reduce the financial impact, families can apply for financial support if they have three or more children at Kirrawee High School. An application for 25% and 50% discount on course fees for the third and fourth child is available via this form.

The application for assistance covers only one school year. If assistance is required in future years, another application is required.

FAMILY DETAILS

Number of siblings at the school: Eldest to Youngest
